

SIPHON BREWER

3-in-1 Vacuum Coffee Maker, Tea Brewer & Water Boiler

This innovative vacuum coffee maker is versatile as it serves as a 3-in-1: Coffee maker, Tea brewer and Water boiler. All in one! Has a variety of practical features such as the single or double cycle function for a stronger more concentrated coffee with automatic controlled time of brewing. Superior components include glass jar and BPA-free Tritan™ chamber, permanent mesh filter and a whistle lid make for a quality, long lasting product. Easy to use operation thanks to its cordless design of the removable base, easy pour lid and the automatic shut off for safety. Is siphon brewed coffee better? It produces the best flavor, vibrant tasting coffee that cannot be imitated by a drip brewer. Also, you will get an extremely clean and bright cup, no trace of the coffee grounds left in the bottom of the cup after you finished it. Siphon brewing method enhances the coffee aroma more than any other brewing method.

PRODUCT FEATURES:

- Siphon or Vacuum brewing system extracts and preserves the subtle flavor and aroma of your favorite coffee.
- Brewing time + temperature perfectly calibrated, ensuring a perfect cup of coffee with each brew.
- Versatile 3-in-1 maker serves as a coffee brewer, tea maker and electric kettle.
