CUCKOO

CUCKOO offers innovative products designed to create a healthier and more convenient home, from bidets to small kitchen appliances. Our commitment to excellence focuses on three essential pillars of everyday living: healthy food, fresh air, and clean water.

While others cut corners, we raise the bar. Our focus is on delivering premium quality at the best value. Crafted with integrity and built from high-quality, durable materials, our products are made to stand the test of time—designed to be with you for generations.

ABOUT US

Founded in 1978 as Sungkwang Electronics, CUCKOO has always prioritized customer satisfaction, innovation, and premium quality. Rebranded in 1998, we quickly became South Korea's #1 rice cooker brand with our groundbreaking designs.

For over 40 years, we have remained committed to these values, delivering the best home and kitchen products worldwide. Expanding globally, we established offices in China, Malaysia, India, Indonesia, Vietnam, and the United States.

In 2016, CUCKOO entered North America, securing a place among major US retailers and bringing high-quality kitchen and living appliances to thousands of homes.

MULTI COOKER & RICE COOKER

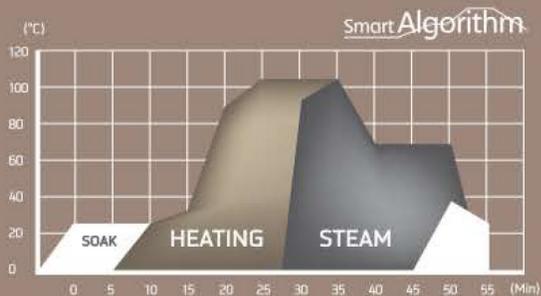

Industry-Leading Pressure Technology

- **Skilled** : Over 40 years of experience in the field of electric cooker
- **Safe** : 23 safety features
- **Advanced** : World first 2 atmospheric pressure (150% higher than ordinary pressure rice cooker)
- **Beloved** : Sell 2 pressure cookers/sec worldwide

Advanced Fuzzy Logic (Smart Algorithms)

Cook evenly & perfectly by controlling pressure, temperature & time.

Model	CRP-LHTR1009F	CRP-LHTR0609F
Power	1295W	1090W
Capacity	1.80L (10 Cups)	1.08L (6 Cups)
Menu	High Pressure White rice(Classic, Turbo, High Heat) Mixed Rice(Classic, Turbo, high heat), Scorched Rice, Super Grain, GABA Rice, Nutritious Rice, Roasted Egg, Black bean Rice, multi Cook Non-Pressure White Rice, Sponge Cake, Baby Food, Multi-Cook, Nutritious Porridge	
Features	Dual Soft Steam Cap, Auto Clean Function, Water Drainage System, Energy Eye, Stand-by Power On Off Switch, Direct Touch Panel, 23 Safety Devices	

Benefits of Pressure Cooking

Fast
Enhanced heat conductivity

Cooks Evenly
Deep heat penetration

Minimizes Nutrient Loss
Reduced cooking time with high heat

Twin Pressure Control Technology

In a single smart appliance

(From ultra high pressure to non pressure)

Softer
(Pressure & Temp. ↑)

Harder
(Pressure & Temp. ↓)

Ultra High Pressure Mode

Quick yet thorough

- **Easy** : 13 Smart Programs (Pressure)
- **Fast** : Reduced time in half
- **Thorough** : Evenly cooks to the core
- Perfect for Sticky Rice, Super Grains, Meat, Stew and more!

Induction Heat Non Pressure Mode

Enhanced texture

- **Easy** : 7 Smart Programs (Non Pressure)
- **Healthy** : Preserve nutrients and tasty texture
- **Customize** : Create your recipe with Open Cooking function (By adding ingredients during cooking)
- Perfect for Long Grain Rice, Soup/Broth, Yogurt, Baby Food and more!

STAINLESS STEEL CURVED INNER POT

Eco Stainless
curved

Highly Durable
& Optimal Heat
Circulation

Perfect Cooking Results Every Time

Curved Stainless Steel Inner Pot

- ❶ **60° Round shape** : Maximizes heat circulation
- ❷ **X-Wall Coating** : Withstand pressure, heat and salt
- ❸ **304 Stainless steel** : Highly durable & rust-free

Stainless Steel Interior

All food contacting parts :
Hygienic stainless steel

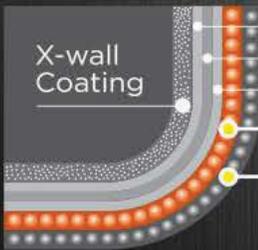

Parts

Detachable cover, inner lid/pot/pot case, steam vent etc.

6-LAYER INNER POT

AIR BUBBLE COATING

Aluminium
Stainless
Air bubble layer
Air bubble coating
(Maximize heat transfer & preservation)

X-WALL COATING

- 1 Withstand pressure, heat and salt
 - 2 Non stick
 - 3 Scratch resistant
- * Specification may differ by model

PATENTED

DUAL MOTION GASKET | For perfect sealing

Prevent steam & pressure leakage through 3 step sealing process

- 1 **Quick** : Reduce cooking time
- 2 **Tasty** : Keep the food fresh as just cooked
- 3 **Safe** : Prevents accidental burns from leaked steam

Convenient & Green

Voice Navigation

Guide cooking status for easy & safe use.

CUCKOO

Direct Touch Panel

Quick & easy to start the most used menus.

Power On/Off Switch

Simply cut off power supply.

Energy Eye Function

Automatically turns into an energy saving mode in darkness.

Easy to Clean

Water Drainage System

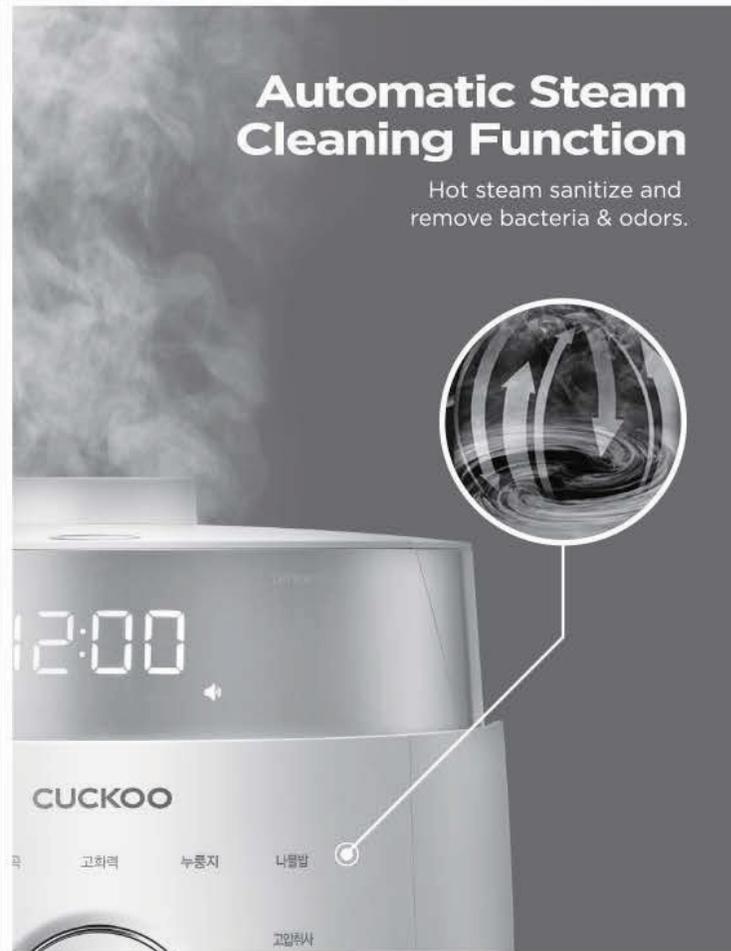

Automatically collects condensation from cooking

- 1 **Clean** : Easy cleaning & prevent bacteria growing.
- 2 **Odorless** : Prevent transfer of odor to food.
- 3 **Fresh** : Drain condensation that affect food quality.

Automatic Steam Cleaning Function

Hot steam sanitize and remove bacteria & odors.

Detachable Cover

Quick & easy cleaning

Patented

One-Touch Detachable Cover

Easy & safe detaching with 'One-Touch' button

* Specifications may differ by model

23 Safety Devices

Detachable Cover Detector

Detect whether cover is properly fastened

Inner Pot Detector

Detect whether inner pot is properly placed

Overheat Indicator

Ring alarm when overheated

Lid Locking Detection System

Detect whether lid is properly locked

Safety Lid Lock

Automatically lock to prevent opening the cooker

Pressure Regulator

Releases the last residual pressure

Smart Locking Device for Open Cooking

Pause the operation for safe opening during non pressure cooking

Pressure Control Device

Keep pressure evenly during cooking & warming

Steam Release Device

Automatically release stem when steam outlet is blocked

Lid Locking Device

Keep the lid locked during cooking

Pressure Release Device | Operation Stop Device | Non-Self-Resetting Safety Pressure Release Device | 3D Thermal Sensor
 Automatic Temperature Regulation Device | Anti-Clogging Cover | Overpressure Prevention Steam Release Structure
 Overheat Prevention Control Circuit Device | Thermal Cut-Off Sensor | Over Voltage Power Cut-Off Circuit | Overcurrent Protection Fuse
 Slowly Opening Function | Soft Steam Cap

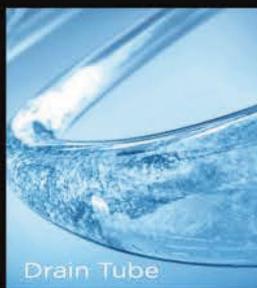

WATER PURIFIER

In&Out Auto Disinfection

99.9% Disinfection

Not only from the **In**side of the purifier but also from the **Out**side of the purifier

Easy Filter Replacement

No twisting, turning, hassles, or confusion.

Only 3 Steps

Open - Replace - Close

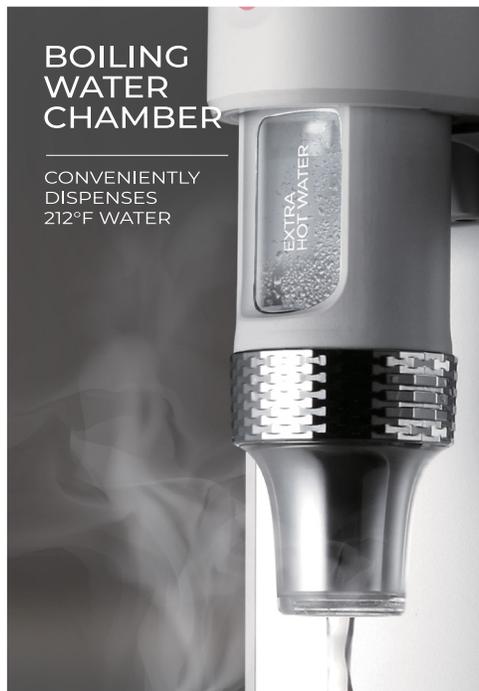

SMART TEMPERATURE SETTINGS

PRESET TEMPERATURES

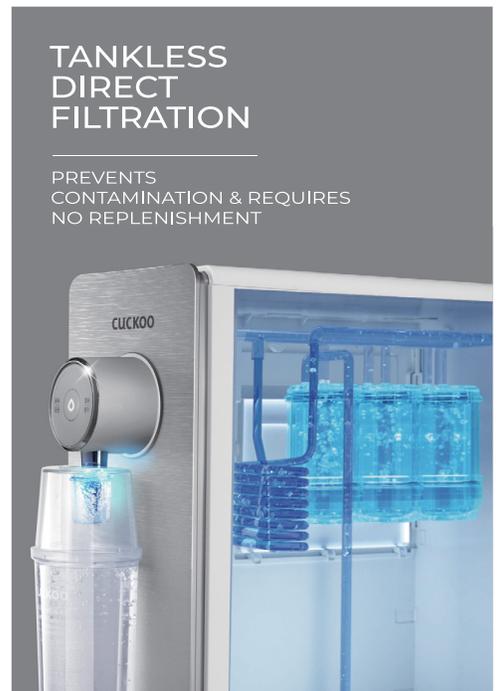

BOILING WATER CHAMBER

CONVENIENTLY DISPENSES 212°F WATER

TANKLESS DIRECT FILTRATION

PREVENTS CONTAMINATION & REQUIRES NO REPLENISHMENT

Stainless Water Tank

Prevents growth of germs and bacteria

UV LED Disinfection

Deactivates bacteria, viruses, and other micro-organisms.

8 Easy-to-See Steps Smart Clean Sensor

The eight-step pollution level color on the front of the product accurately analyzes and displays the pollution level of ultrafine dust in real time.

Level 1 Level 2 Level 3 Level 4 Level 5 Level 6 Level 7 Level 8

AIR PURIFIERS

3-Stage Filtration System

You can always breathe clean air with a premium H13 filter that takes care of ultrafine dust as well as harmful gases such as formaldehyde and toluene.

- ❶ **Pre-filter** Remove large dust, hair, pet hair, etc
- ❷ **Functional filters (sold separately)**
Allergen filter dust mites and cedar pollen removal (based on ITEA test results)
- ❸ **Total Care Filter**
Fine dust collection filter Remove PM2.5 and 0.3µm fine dust Deodorization filter 5 gases (formaldehyde, ammonia, acetaldehyde, toluene, acetic acid removal)

Premium Compact Design

CUCKOO Air Purifiers are compact in size and can be used in various spaces, such as living rooms, bedrooms, kitchens and study rooms. With our air purifiers, you can always breathe clean air wherever you are.

Filter Replacement Timing Notification / Easy Operation Button

When it is time to replace the filter, it will automatically turn on and inform you easily. In addition, automatic, eco-sleep, and turbo functions can be easily used by anyone with an intuitive smart operating button.

Energy Eye Automatic Power Saving

A light-sensing sensor automatically switches to sleep at night to prevent energy consumption.

Easy Separation and Cleaning

The cover can be easily removed to clean the filter at all times.

Keep the Nozzle & Toilet Perfectly Clean

CUCKOO BIDET

CBT-QS1041RW

Automatic Sterilization / 8 Way Move Nozzle / Easy Filter Replacement
Automatic Water Cut Off / Seat Heating

Nozzle	Water Pressure	Energy Save	Water Flow Rate	Heater Capacity	Water Supply Type
Full Stainless Steel	4 Levels	○	Washing: Max 700ml/min Bidet: Max 700ml/min	Washing: 1,400W Dry: 210W Seat: 50W	Direct Tap Connection

Toilet Bubble Auto Cleaning

Automatically cleans the foreign substances even inside, or simply by one-touch whenever you want to keep the toilet clean

Before

Cleaning

After

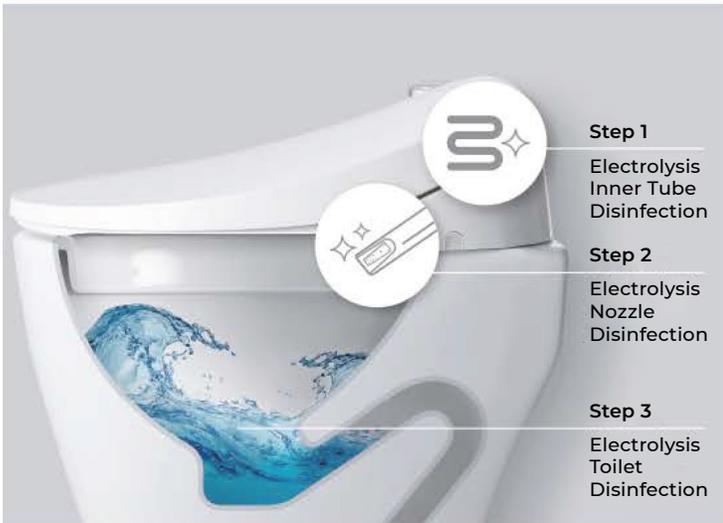

Prevents urine splashing with a strong bubble membrane

TOILET BUBBLE BIDET

Water flushing + toilet bubble automatic cleaning

Conventional Bidet
Just water cleaning

Step 1

Electrolysis Inner Tube Disinfection

Step 2

Electrolysis Nozzle Disinfection

Step 3

Electrolysis Toilet Disinfection

3 Step Electrolysis Disinfection System

Perfect disinfection with electrolysis on the toilet, inner tube and nozzle(nozzle exterior) that easily being contaminated.

Newly Upgraded 8 Way Automatic Moving Nozzle Cleaning

INSPURE's unique 8-way multi-move nozzle enables dynamic cleaning forward, backward, left, and right, allowing for a more refreshing and cleaning with a wider three-dimensional cleaning.

8 Way Automatic Nozzle Move Cleaning

Support the wider expanded cleaning of 4 directions.

IPX6 Water Proof

Unlike conventional bidet waterproofing, it is safe even in strong pouring water from all directions without worrying about leaks or breakdowns, so it can be easily cleaned with water.

Super Easy Filter Replacement

Since there is a filter replacement hole in the front, you may manage it at a desired time with dramatically simplified self-management.

Comfortable Seating & 3 Mins Sitzs Bath

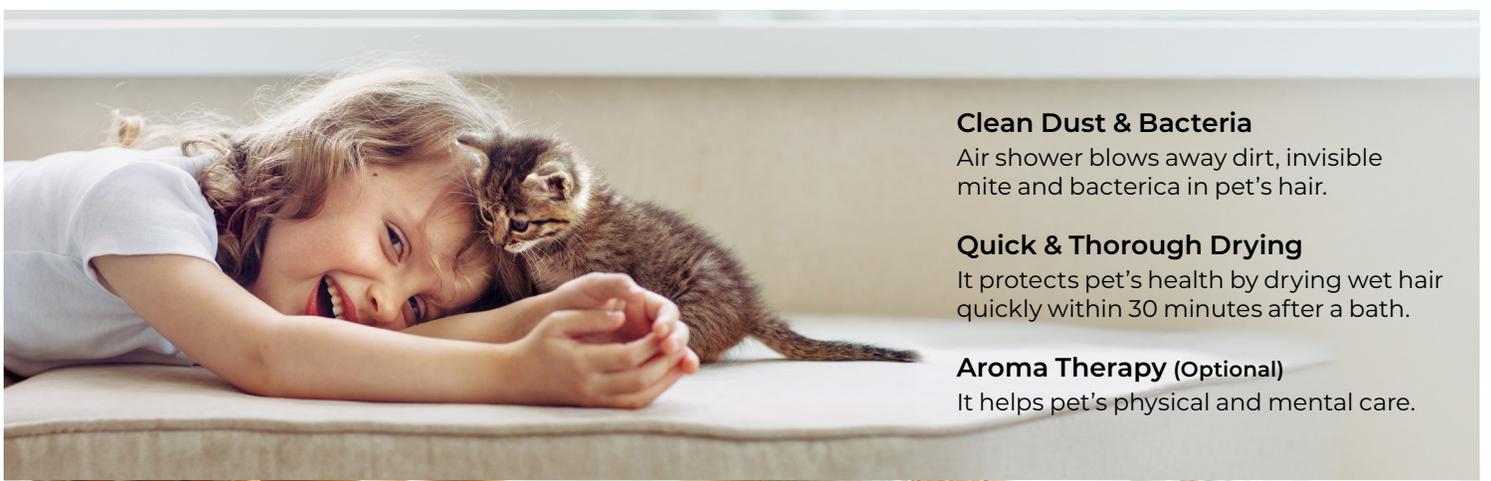

The wide seat provides comfortability for long time that also provides warm and gentle the sitz bath by one touch in winter

AIR SHOWER & DRYROOM

nello was developed with professional veterinarian & pet trainer to make the best product for pet and pet lovers

Clean Dust & Bacteria

Air shower blows away dirt, invisible mite and bacteria in pet's hair.

Quick & Thorough Drying

It protects pet's health by drying wet hair quickly within 30 minutes after a bath.

Aroma Therapy (Optional)

It helps pet's physical and mental care.

360° Multi-Directional Wind

- Two fans rotate at different speed and create multi-directional wind.
- Wind releases via 36 air holes and base to completely blow away any dirt, fallen hairs, residues in pet's hair.

1. Air shower mode

360° multi-directional wind blows away dirt and residues after taking a walk.

2. Drying mode

Strong multi-directional wind quickly and thoroughly dries wet hair to prevent developing skin problems (only requires less than 30 minutes to complete drying compared to other drying room).

3. Sleeping mode

Gentle breeze helps your pet to sleep cool during summer and warm seasons.

4. Aroma therapy mode

It provides your pet a proper relax by simply plugging aroma therapy kit.

Preprogrammed Training Mode

- Pets can easily adapt to the drying room through 3 steps of training mode.
- Training is easy and guided by veterinarians and professional pet trainers in videos.

STEP 01 Awareness stage

STEP 02 Training stage

STEP 03 Adaptation stage

Pet safety door

It allows pets to open the door easily by pushing in case of emergency.

Ultra low noise

It is less than 23dB noise (sleeping mode).

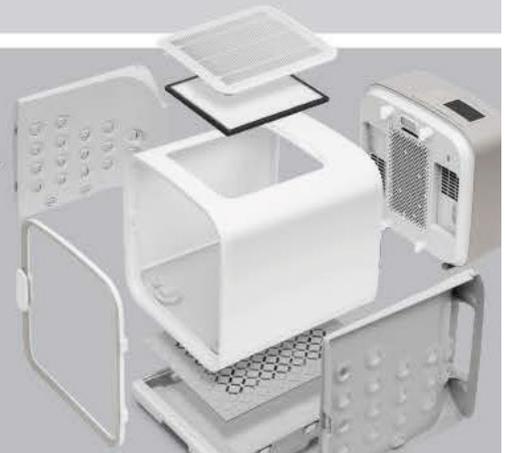

Easy to Keep Home and Dry Room Clean All the Time

- **Fully separable structure** : Fully separable and washable parts make it easy to clean.
- **Dust filter** : A large HEPA filter collects hair, dirt and any other pollutants.
- **Rear filter** : It filters inflowing air to supply clean air in the drying room.

Large-sized dust collecting filter and rear filter

Air care function | Filter change indication | Controllable LED light
Heat release and dust collect function | Overheating detection sensor

Model	ND-A0610FG (Warm Gray)		
Features	360° multi-directional wind (twin fans, air shower, training mode, sleep mode, aroma therapy (optional))		
Use for	Pet under 8kg	Power	1000W
Weight	15.7 kg		
Size(mm)	(outer) 547(W) x 68(D) x 526(H) / (Inner) 362(W) x 470(D) x 410(H)
