### **Objecto Unveils the H10 Smart Humidifier at the 2025 International Housewares Show**

For over four decades, Objecto has redefined home electronics, seamlessly blending exquisite design with cutting-edge technology. A decade ago, Objecto revolutionized the humidifier industry in the U.S., transforming a functional necessity into an elegant statement piece.

Now, in 2025, Objecto proudly unveils the H10 Smart Humidifier—a perfect fusion of innovation and sophistication. Designed to enhance both air quality and ambiance, the H10 delivers intelligent humidity control, smart app integration, and a sleek, sculptural form that complements any space.

Join us at the International Housewares Show 2025, Booth N7705, and experience firsthand why Objecto continues to set the standard in home innovation. As a two-time Innovation Award winner, Objecto remains committed to redefining how we breathe, live, and experience comfort at home.

OBJECTO. Better Looking. Better Breathing. Better Living.

## OBJECTO H10

Objecto introduces the H10 Hybrid Humidifier, a sleek and innovative solution designed to revitalize indoor air and boost your well-being. Combining advanced technology with elegant design, the H10 delivers effortless control, customizable comfort, and smart home integration. With precise humidity control (40-75%), the H10 ensures optimal moisture levels to suit any environment. The top-fill design and removable tank make refilling and cleaning effortless. Enjoy the LED mood lighting and aromatherapy options to further enhance your ambiance.

- Dual Mist Options – Enjoy a soothing cool mist or invigorating warm mist.
- Extended Coverage – Effectively humidifies rooms up to 800 sq. ft., with mist reaching up to 3 feet high.
- Smart Home Integration – Control and monitor humidity levels seamlessly via the Objecto app.
- Aromatherapy Feature – Infuse your space with delightful scents for an added sensory experience.
- 7-Color LED Mood Lighting – Create a calming ambiance with customizable lighting options.
- Whisper-Quiet Operation – At just 23 decibels, the H10 runs discreetly without disruption.
- Safety First – Automatic shut-off prevents overheating, and app notifications alert users when the tank is low.
- Long-Lasting Humidification – A 6-liter tank ensures extended run time, reducing the need for frequent refills.
- 360° Mist Distribution – A rotatable nozzle ensures even humidity throughout your space.

## H3 Hybrid Humidifier

H3, our original and classic humidifier is small in appearance but huge in performance. It is designed to blend with any room's decor and further enhance the experience with the aroma therapy feature. Her sleek appearance is a conversation piece, the H3 turns heads. To the convenience of our consumer, H3's timer mode can close the unit after two or four hours, and like all our humidifiers the tank will shut when empty. To ensure her elegance we've hidden her buttons well enough to fool the eye - is this a vase or humidifier?

### Product Specifications:

Tank capacity 2 liters.

Runs for approximately 18 hours.

Humidifies 350 square feet.

Accessories include aroma tabs.

Available in dark brown, pink, purple and white.

---

## H4 Hybrid Humidifier

An exquisite addition to the Objecto collection, the H4 takes our classic look up a notch. The elongated figure and subtle change in curvature ensure that the same even mist provide your space with the best air. The identical remote control is as enchanting as it is practical, allowing easy access from any point. The removable water tank is antibacterial and will cease to operate when emptied or tilted.

Additional features include the aroma therapy option and timer mode.

### Product Specifications:

Tank capacity 2.3 litres.

Runs for approximately 20 hours.

Humidifies 450 square feet.

Accessories include remote control and aroma tabs.

Available in black, metallic grey and white.

## H5 Hybrid Spiral Humidifier

Our contemporary H5 Spiral Humidifier isn't only a trend setter, he's a fashion breakthrough. Although H5 has a high maintenance look, he's far from intimidating and easy to use. The punched metal casing and side window panel allow for easy view of the water levels and the removable water tank is antibacterial and simple to clean. To further his inviting nature we've included an optional night light feature, with a simple touch mechanism. This lightweight tabletop unit doubles as an aroma diffuser. OBJECTO hits the nail on the head again by creating an attractive and user friendly humidifier fusing fashion with function.

### Product Specifications:

Tank capacity 2.6 liters.

Runs for approximately 20 hours.

Humidifies 650 square feet.

Aroma tabs included.

Available in black and white.

## The Kettle

In staying true with Objecto's modus operandi, we introduce The Kettle in time for the 2015 Holiday Season. The sharp design and intellectual technology excites consumers as we announce our first small kitchen appliance. Together with Bugatti we've created a kettle to exceed all others. For years, Bugatti proposals have been distinguished by the unique style in which high technology blends with Italian taste for shapes and details. This winter our kettle's design and technology will leave consumers wanting more. The technical minutiae along with the urban design, rates our Kettle the hottest on a scale from hot to hotter.

### Product Specifications:

- 360° power base and cord storage for added safety & convenience
- Cordless stainless steel kettle lifts easily off base for carrying, pouring and refilling
- Backlit water gauge with viewing window to see fill level
- Auto shut-off when water reaches boil and when kettle is lifted off base
- Removable and washable stainless steel lime scale filter
- Available in chrome, black, white, lilac and red

## The W Collection

Objecto is styling for the win, a modern take on our original collection, we introduce The W Collection. The limited wooden collection combines sleek designs with a unique hybrid technology to fill a niche in the home décor market. The modernized versions of our classic lineup are impeccably designed to transform your space. The Wooden Collection boasts an urban smartness for an all-encompassing experience.

### Product Specifications:

- Available in Light Grain and Dark Grain

## The Power Blender

Objecto's latest venture with Italian designer, Bugatti, blends performance and health together with aesthetics to create a surprising way of interactive smart cooking, an experience to be shared. **The Power Blender** is the latest-generation blender; it has been certified for professional use and was developed in collaboration with a team of experienced chefs who have tested its features. The LED control panel, and Wi-Fi capabilities along with the corresponding app bring this modern innovation to the lead of its kind.

Featuring an innovative DC Brushless motor, the blender provides 57% more engine torque than traditional AC motor power blenders. With its increased engine torque, it can maintain the speed set even with high loads, without loss in performance. Objecto's blade is made of stainless steel, designed to achieve maximum performance and durability. The high strength BPA-free polycarbonate jug is easy to use and can be used in 4 different positions. The safety system shuts down the blender automatically when the lid is lifted from the jug. The "proximity touch display" control panel has 7 pre-set programs and a joystick to select up to 60 speeds and the pulse function. A stirrer stick with an integrated thermometer allows you to check the temperature of the mix.

Objecto's Power Blender combines a unique and innovative mix of smart technology, design, and versatility to provide maximum performance. Every detail embodies the brand's philosophy: offer something unique and extraordinary.

### Product Specifications

DC Brushless motor with continuous engine torque

Smart technology to control main settings

Auto shut-off if lid lifts off jug
