Espressione Stainless Steel Combination Pump Espresso Machine with Thermo Block System & 10-CUP DRIP COFFEEMAKER

Designed in Switzerland, the EM1040-I Espresso Machine and Coffee Maker Combination meets the highest standards of performance and quality. On the one side, it delivers intense espressos with crema thanks to the 19-bar high pressure pump and the thermoblock heating system and on the other side a full-bodied coffee. The espresso machine is compatible with ground coffee and all types of pods. For more convenience the espresso side enables you to pre-program 2 volumes of espresso very simply and features a large 1.5-liter frontal removable water tank, a removable drip tray and a heating cup grid to warm cups quickly and efficiently, maintaining the ideal temperature longer. The coffee side of this unit delivers up to 10 cups of coffee and stays warm for hours thanks to its warming plate. To ease the cleaning of the unit, the cone filter basket is removable. One beautiful machine to make may of your favorite drinks.

UPGRADED FOR EASE AND SIMPLICITY

ADDITIONAL FEATURES INCLUDE:

Espressione Flex 3-in-1

ESPRESSO COFFEE MACHINE

Specially designed for espresso connoisseurs, this compact and stylish machine is not only powerful but also efficient. With 20 bars of pressure and a thermal block heating system (stainless-steel water tube) delivers your first coffee in 25 seconds, the Espressione Flex 3-in-1 Espresso Coffee Machine produces a robust espresso with a generous rich crema. Options to prepare with 1) Your favorite ground coffee, 2) E.S.E. espresso pods or 3) Nespresso® compatible capsules. Equipped with an auto-regulating thermoblock heating element to maintain optimal boiler temperature, you can count on great-tasting coffee every time. Elegantly designed in a brushed stainless-steel finish, with tasteful cobalt blue indicator lamps, tasteful easy to read pressure gauge, only 4 ¾" (120mm) wide, this espresso machine will seamlessly integrate into your home or office décor, providing you with years of reliability and enjoyment.

ADDITIONAL FEATURES INCLUDE:

- Adaptable for use with ground coffee, E.S.E. Espresso Pods or Nespresso® compatible capsules.
- 20bar Ulka Italian pump with over-heat and over-pressure protection device.
- Fast thermal block heating system gradually increases water pressure to gently expand grinds for an even extraction, balanced flavor, and thick crema.
- Compact, narrow design (4¾" wide) uses minimal footprint.
- Easy to read, functional pressure gauge.
- Electronic temperature control for increased temperature stability. Adjust coffee temperature with 3 different settings
- Auto coffee volume setting.
- Set descaling time according to water hardness: Soft, Medium, Hard
- Sturdy steam wand generates sumptuous milk foam or froth + instant hot water for making americanos and preheating cups. Active cup warmer.
- Removeable 1.0-liter BPA free transparent water reservoir.
- Includes Portafilter, 1-cup and 2-cup filter baskets, ESE pods filter basket + Nespresso Capsule portafilter and coffee filter
- Removable and washable drip tray.
- Model: ESP-2016 UPC: 786818-500078
- Product Dimensions: 4¾ "x13"x11½" (120x326x295mm)
Product Weight: 7.95lbs. (3.6kg)

MASTER CARTON:

- 1 unit per master box
- 120Volt, 50H/60Hz, 1350W
- Master box: 9.2"x15.2"x14.8" (385x234x376mm) 11.6lbs (5.26kg)

USE AND CARE:

- Filter baskets and portafilter should be rinsed under hot water directly after use to remove all residual coffee oils. If holes in filter baskets become blocked, use steam wand cleaning tool to unblock holes. Do not put portafilter in dishwasher.
- Steam nozzle should be purged and wiped clean after each use.
- Wipe exterior clean with damp cloth.
- Hand-wash drip tray.
- Avoid harsh detergents and abrasive cleansers.

RAPID TOUCH COFFEE GRINDER

Espressione's Rapid Touch coffee grinder is a versatile and easy to use coffee grinder that works with Drip Coffee Makers, French Presses and Percolators. It also works well on all kinds of dry herbs and spices. One touch operation makes grinding fresh coffee beans a breeze and it grinds for up to 12 cups of coffee. Uses sturdy & durable stainless-steel bowl and blades to grind coffee beans from coarse to fine in seconds. Smart design with low heat build up preserves more flavor and aroma. The fast stopping action (only one second) adds to the safety and efficiency along with its compact size and easy to clean design. Comes in an elegant black finish.

ADDITIONAL FEATURES INCLUDE:

- Easy to use versatile grinder prepares ground coffee for drip coffee makers, percolators, and French presses – with a simple press of a button.
- The compact design fits neatly in a cupboard or on the counter top for easy access while the power cord disappears in the bottom of the unit to keep it tidy.
- This powerful and handy grinder can grind enough coffee for an 8 cup French press or up to 12 cups of coffee.
- One second stopping action and a transparent lid adds to the user's safe operation.
- Easy to clean and maintain design – simply wipe it clean with a cloth or towel.
- Measurements: 3.5" x 4" x 9.4" Weight: 1.5 lbs.

MASTER CARTON:

- 6 pcs. 13.8" x 9.4" x 8.7"
- Weight: 10 lbs.
- UPC: 786818-400163
- Model: #1105

Professional Conical BURR COFFEE GRINDER

Espressione's commercial quality grinder stands out from the rest with its powerful grinding conical mechanism and precision controlled engineering. Large 8½ ounce hopper and 15 levels of grinding all provide convenience and versatility. Whether brewing coffee or making an espresso, the grinder can complete the job fast. The finest setting is ideal for preparing Turkish coffee, which is a rare feature to find in a grinder. A built-in timer with quantity measure can make from 2 to 10 cups in a matter of seconds and will stop automatically when ready. Espressione Professional Conical Burr Coffee Grinder has an advanced conical burr design to reduce the amount of friction and heat thus preserving coffee flavor and aroma. The coffee container holds up to 4 ounces of grounds and remains sealed during grinding and is anti-static. Superior functions and smart design make Espressione Professional Conical Burr Coffee Grinder the ideal commercial quality grinder for your home and office.

ADDITIONAL FEATURES INCLUDE:

- Powerful 150W conical grinding motor completes the job fast and reliably
- Fifteen (15) grind settings provides levels from highly coarse to espresso to Turkish fine
- Commercial grade conical burrs ensure maximum coffee flavor
- Transparent bean container with large 8½ ounce capacity for whole bean coffee
- Anti-static transparent container holds 4 ounces of ground coffee
- Rotary selector to set portions from 2 to 10 cups incorporates an electric timer for portioning with auto stop function
- Sturdy construction with slip resistant bottom and power cord wind feature
- Stylish design with removable components results in ease of cleaning and maintenance
- Measurements: 6.3" x 5.9" x 10.9" Weight: 3.8 lbs

MASTER CARTON:

- 4 pcs. 17.3" x 12.6" x 12.8"
- Weight: 19 lbs.
- UPC: 786818-400149
- Model: #5198
